

Atlantic Informatics Conference 2011

The Canadian Nursing Informatics Association in collaboration with the Nova Scotia Nursing Informatics Group is pleased to extend an invitation to CNIA members to participate in the first day of the Atlantic Nursing Informatics Conference 2011.

Save the Date

Thursday, October 27, 2011
12:00 AST - 16:30 AST

Our program is intended to provide perspectives on local and national electronic health record implementations and introduce the Nursing Informatics Journal Club.

The program:

Maureen M. Charlebois, Chief Nursing Executive & Groups Director, Clinical Adoption at Canada Health Infoway.

The National Perspective, where is Canada now and where is it going?

Sandra L. Cascadden; Chief Information Officer Nova Scotia Department of Health & Wellness

EHR, what is the vision for Nova Scotia?

Cheryl Stephens-Lee, Applications Consultant, IT, Markham Stouffville Hospital, Ontario

NI Journal Club: HL7 – Modeling Nursing Care

Delegate Testimonials:

"I really enjoyed this conference. It was fabulous to see the implementations and progress. Well done and sincere thanks!"

"It has given me the opportunity to see what is going on and to understand some things that I know only a bit about."

"Liked the mix of NI in general along with some specific provincial initiatives."

"All of the topics were well presented, timely and relevant. Great selection!"

Why You Should Attend:

- To gain a perspective on local and national electronic health record implementations
- To participate in the Nursing Informatics Journal Club.

Cost: Free to CNIA members who register by October 01, 2011
